MAR 4 1955

Director of Personnel

Chief, Management Staff

Notification of Confidential Funds Personnel Actions

1. We have reviewed your staff study on the above subject and concur in the recommendation to use the same forms for authenticating personnel actions involving employees paid from confidential funds as are used for employees paid from vouchered funds.

2. We feel, however, that the whole procedure and the forms involved in authenticating personnel actions should be reviewed by this Staff and our concurrence is contingent upon the performance of such a study at an appropriate time. This study could be undertaken at the conclusion of the management survey now under way.
